Correction: Defining the minimally clinically important difference of the SF-36 physical function subscale for paediatric CFS/ME: triangulation using three different methods

Amberly Brigden^{1*} , Roxanne M Parslow¹, Daisy Gaunt^{1,2}, Simon M Collin¹, Andy Jones¹ and Esther Crawley¹

Correction: Health and Quality of Life Outcomes (2018) 16:202
<https://doi.org/10.1186/s12955-018-1028-2>

The original article [1] required an amendment to the Quantitative Data statement in the Ethics Declarations section. The statement has since been updated.
